

Affordable home solar container in cairo

Overview

Check out containers used in Cairo housing projects — cost-smart builds, transparent prices, and sale-ready units ideal for large-scale housing. Egypt, with its rich history and rapidly developing urban centers, presents a perfect landscape for container home adoption. Karmod, the leading company in container housing production in Egypt, started producing galvanized steel container housing living spaces, shops and restaurants in order to introduce the residents of the overcrowded capital Cairo to cheaper and more versatile properties. The project, considered the world's largest solar-storage project, will install 3. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ever. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar.
