

Agent for solar container export business

Overview

We provide full-service from pre-shipment inspections to assistance in export and import permissions, tax exemptions, cargo waivers, customs clearance and other critical processes. We provide transport and logistics solutions specially designed to meet the requirements of the solar industry. The transport of solar energy equipment requires expertise and extensive understanding of the solar energy industry. We suggest requiring the agency to provide customs AEO certification records for the past three years, and the ability to declare under the newly implemented EU Carbon Border Adjustment Mechanism (CBAM) in 2025 should also be included in the evaluation scope. Our partnership with Net CHB allows us to electronically process cargo entering the United States, 24 hours a day. GE UK GRID SOLUTIONS LTD, DHL GLOBAL FORWARDING KOREA, and SMA SOLAR TECHNOLOGY AG accounting for 80% of World total Solar.
