

Air solar container subsidy

Overview

California's Low-Income Weatherization Program (LIWP) provides low-income households with solar photovoltaic (PV) systems and energy efficiency upgrades at no cost to residents. Energy efficiency and water conservation rebates and programs for residential customers (tenants, homeowners, and landlords), designed to help you save energy, water and money. The Residential Clean Energy Credit equals 30% of the costs of new, qualified clean energy property for your.
