

Canada shared solar container power station bidding

Overview

Find opportunities, register an account, and bid on upcoming procurement projects with BidsAndTenders. The Government of Canada has introduced new policies to protect, build, and transform Canadian industries. Check out Buy Canadian Policy for more information on what this could mean for you. As Canada accelerates its transition to a sustainable energy future, the landscape for renewable energy and energy storage procurements is evolving rapidly. Bid on readily available Renewable Energy tenders from Canada with the best and oldest online tendering platform, since 2002. Bidders select commodity codes for goods and services and the Bidding System will notify the Vendor by email of Bid opportunities matching their commodity code selection.
