

China solar container building is a shareholder

Overview

CSI will set up two joint ventures with Canadian Solar: one for its US solar business and one for its US energy storage business, the Suzhou-based company announced yesterday. 1 -- CSI Solar's shares sank after the Chinese photovoltaic panel maker said it plans to transfer three overseas factories that supply the US market to its parent company Canadian Solar so as to de-risk its operations. China is installing more renewables than any other economy, but that rollout is not without its challenges. This robust growth is fueled by rising demand, ongoing technological innovation, and the expanding range of applications across various. The Company's main businesses include the manufacture of amorphous silicon membrane photovoltaic modules, photovoltaic power generation and other related.

China solar container building is a shareholder

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled
