

Commercial solar container vehicle sales company

Overview

At SolaraBox, we design and manufacture advanced solar containers that bring clean, reliable, and mobile energy wherever it's needed. Built for multi-industry use, our systems replace costly diesel generators and deliver sustainable power on demand. Your system will include battery modules, bi-directional inverters, a thermal management system and controls. Find out how much your business can save with California's #1 Renewable & Resiliency Consultancy. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ever. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar.
