

Doha solar container metering instrument fee adjustment

Overview

For Residential category, KM is responsible to provide all the connection equipment, and the connection fees for this category are as mentioned in Table 2. Consumers whose premises are primarily used for EZAB (livestock facilities), must hold the appropriate license and obtain the necessary approvals from relevant authorities to qualify for this category. Innovation Renewable Energy is pleased to introduce our Innovation Smart metering solution & advanced metering infrastructure system with full Management to provide qualified Project Managers, professional Engineers and technicians in Qatar. Under the current policy, solar homeowners can use Duke Energy's Residential Service rate plan which charges about \$0.
