

Finland lithium iron phosphate solar container system manufacturer

Overview

Modular and scalable to meet a variety of demanding applications, the Energport low voltage 11kWh pack system utilizes Lithium iron phosphate (LFP) chemistry to provide the highest level of safety, thermal stability, and reliability. We are Capture Energy, an energy storage solutions company dedicated to bringing good energy to our customers. Dedicated to the lithium-ion battery systems as one-stop solutions to achieve energy innovation and build world-renowned renewable energy brand. The Energport line of outdoor commercial & industrial and utility scale energy storage systems provides a fully integrated, turnkey energy storage solution.
