

# Finland solar container exhibition

## Overview

---

The event will be held at Kaapelitehdas, Helsinki, on Thursday, 22 May 2025. Solar Power Finland brings together key players in the solar power industry for a day of inspiring talks, networking, and collaboration. At the Solarplaza Summit Finland: Solar & Storage, you'll be able to gain crucial insights into the Finnish PV market and establish connections with both key local and international players, including representatives from prolific IPPs, project developers, asset managers, and investors. The majority of the fairs in Finland are Furnishing Shows, Trade Fairs for Machine Construction and Industry Trade Shows. But here's the kicker: the 2025 Photovoltaic and Energy Storage Exhibition in Helsinki is shaping up to be Europe's most innovative clean energy showcase.
