

Home photovoltaic to solar container

Overview

LZY offers large, compact, transportable, and rapidly deployable solar storage containers for reliable energy anywhere. If you're dreaming of a sustainable lifestyle, our 40' Shipping Container Home with Solar Panels is perfect for you. With its own solar panels, you can live completely off the grid and reduce your carbon footprint. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design.

Home photovoltaic to solar container
