

# Home power storage becomes a stake in solar container company

## Overview

---

("Sunnova") (NYSE: NOVA), a leading adaptive energy services company, announced today that it has entered a strategic partnership with The Home Depot whereby Sunnova will now be the sole provider of solar and battery. Off-grid solar storage systems are leading this shift, delivering reliable and clean power to locations worldwide. Among the most scalable and innovative solutions are containerized solar battery storage units, which integrate power generation, storage, and management into a single, ready-to-deploy. 5 million trees and growing them for 10 years demands on our grid," said Ted Bardacke, chief. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar.
