

How to rent solar container capacity

Overview

Why not get a quote today and see how renting or buying from one of our 40+ locations across the US and Canada can assist your renewable energy project?

Yards across the US and Canada help drive down delivery costs. What is LZY's mobile solar container?

This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or remote locations. Unlike standard solar panel containers, LZY's mobile unit features a retractable solar panel. TITAN is a leading provider of shipping container rental and sales in the renewable energy industry, with thousands of 20ft and 40ft containers, as well as high cubes and DNVs. From construction sites to remote locations and emergency situations, our solar power rentals provide clean, efficient, and hassle-free energy wherever you need it. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design.
