

Japan pv solar container tender

Overview

7 MW of solar capacity in its recently held 11th tender for utility-scale photovoltaic (PV) projects, in which bids declined further from previous calls and reached as low as JPY 8. Japan's 24th utility-scale PV tender saw bids far exceed the target capacity, with 38 projects (28. Image: Hayashi Kanna, Unsplash Japan's Green Investment Promotion Organization has released the final results of its latest auction for utility-scale solar. The winning bids in the latest Japanese solar auction were considerably lower than the last few rounds. The auction was slightly undersubscribed as it originally planned to award 122 MW of generating.
