

# Metro solar container device gate control

Our Lifepo4 batteries can be connected in parallels and in series for larger capacity and voltage.

## Overview

---

Solar powered gate system for secure access control to on-site storage containers. The SMART TSS1-30 combines heavy-duty power with app-based control via the included Ghost MultiConnect Kit, ideal for single swing gates up to 20 feet. The first gate operator manufacturer in the world to introduce expandable solar installation capabilities continues in its quest to produce the next generation in solar powered gate technology. Ideal for garages, public paths, street lights, new housing estates, gardens, car parks, marinas, ect. The LiftMaster XLSOLARCONTUL is purpose-built for solar-powered gate automation, offering ample space for additional components and larger batteries, ensuring optimal performance for your solar gate system. Installs on your roof (hardware sold separately) and wires directly to your battery with ring. Camp off grid for a long weekend or even longer with this complete solar kit for your RV.
