

Mobile solar container power vehicle english

Overview

The Solarcontainer is a photovoltaic power plant that was specially developed as a mobile power generator with collapsible PV modules as a mobile solar system, a grid-independent solution represents. LZY offers large, compact, transportable, and rapidly deployable solar storage containers for reliable energy anywhere. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ever. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar. Good choice for disaster reliefs whenever it is important to deliver electricity as quickly as possible.
