

New market group solar container project

Overview

The New Market Solar Project (“the project”) is located in Clay and Whiteoak Townships in Highland County, Ohio. The Project consists of two facilities: Highland 4, a 65-megawatt facility that occupies 582 acres, and Highland 2, a 35-megawatt facility that occupies 222 acres. The City of Cincinnati is now receiving enough solar energy to power more than 400 municipal buildings, including City Hall, police stations and health clinics, and has already saved more than \$1 million in electricity costs since last year. Subscribe now to access all power plant data, utility information, FERC EQR data, and.
