

Outdoor solar container box manufacturers

Overview

Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum efficiency and reliability. By delivering clean, accessible electricity, we support sustainable communities and contribute to a healthier. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar. Our containerized energy solution offers notable economic and practical advantages: Renewable energy systems are no longer permanent fixtures; they are now redeployable to cater to your evolving needs. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design. The Solar Hybrid Box® range includes energy conversion and storage units that can be interconnected with external sources (PV, grid, power generator).
