

# Outdoor solar container cabinet has exhaust fan

## Overview

---

Designed for easy installation in standard rectangular vent openings, this self-sufficient unit utilizes solar energy to power a high-efficiency fan, promoting continuous airflow and preventing moisture buildup, mold growth, and overheating. 400 CFM provides a complete air exchange every 3 minutes in a 20 ft container and every 6 minutes in a 40 ft container under ideal conditions. Quiet operation, fully assembled – No On or Off switch! In most jurisdictions, low-voltage (12V) fans can be used in hazardous materials (HAZMAT) settings. No cords or electricity required! The Shipping Container Solar Powered Rectangular Vent is an innovative solution for maintaining optimal air quality and temperature inside shipping containers.

## Outdoor solar container cabinet has exhaust fan

---

### Shipping Container Solar Vent Kit, 2 Fan Solar Ventilator ...

The solar panel uses a sturdy waterproof material, Rain and Hail Proof. The integrated vents, constructed from robust metal and coated with a high UV-resistant finish, offer outstanding ...
