

Panama city solar container power station project

Overview

Polaris Infrastructure Panama Solar PV Park is a 26MW solar PV power project. According to GlobalData, who tracks and profiles over 170,000 power plants worldwide, the project is currently at the permitting stage. Harnessing abundant solar resources, an eco-resort located off the coast of Panama has chosen advanced lead batteries, paired with a battery management system (BMS), to power their island microgrid.
