

# Portable solar container power supply for commercial buildings

## Overview

---

From portable units to large-scale structures, these self-contained systems offer customizable solutions for generating and storing solar power. Shipping containers are often used as remote offices, workshops or data shelters on construction sites, farms, and emergency zones. Portable or fixed, off-grid or grid-connected, the MAPPS® RD Series provides reliable backup power in remote locations. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design.
