

Positions available in solar container science and engineering

Overview

Headquartered in Houston, TX, our team brings extensive experience in the engineering, procurement, construction (EPC), and integration of utility-scale renewable energy projects. By leveraging cutting-edge technologies, we deliver high-quality, cost-effective energy solutions that meet the needs. The low-stress way to find your next solar container job opportunity is on SimplyHired. The PM oversees solar energy projects from start to finish, managing budgets, timelines, teams (engineers, contractors, suppliers), site assessments, permits, and ensuring quality and safety.
