

# Power storage box packaging solution

## Overview

---

Each system integrates solar PV, battery storage, and optional backup generation in a modular, pre-engineered platform that is scalable for projects ranging from 5kW to 5MW+. ABB's solutions can be deployed straight to the customer site, leading to faster. BoxPower offers turnkey solar microgrid solutions for off-grid and grid-tied applications. I've seen firsthand how this product can transform energy management for businesses of all sizes. With national reach, local agility, and expert support, we're your strategic partner for packaging, facility, and print solutions. As renewable energy adoption skyrockets, these steel-clad guardians have become the backbone of power storage solutions from solar.

## Power storage box packaging solution
