Overview

Wang Pengcheng, co-founder and president of Haichen Energy Storage, explained at the Ecological Day: Haichen Energy Storage will unswervingly move towards the goal of achieving carbon neutrality in the entire global industry chain and obtaining an ESG AAA rating by 2037. Haichen is a leading global manufacturer of household energy storage batteries, C&I ESS, and battery energy storage systems with integrated solar inverters, located in Dongguan, China. On the morning of December 2, 2023, the Shenzhen base, one of the three newest bases deployed by Haichen Energy Storage in China, was officially completed. From October 20 to 22, the 24th East Asia and Western Pacific Power Industry Association Conference (hereinafter referred to as the Asia-Pacific).
