

Pure battery solar container brand solar container cabinet

Overview

Our Solar Battery Guide will help you size your battery bank properly and keep things running smoothly. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design. Most industrial off-grid solar power systems, such as those used in the oil & gas patch and in traffic control systems, use a battery or multiple batteries that need a place to live, sheltered from the elements and kept dry and secure. It provides clean, efficient power wherever you need it and can also generate profit.
