

Ranking of solar container engineering contracting equipment manufacturing companies

Overview

Below is a list of the top 10 Solar EPC companies worldwide, recognized for their innovation, scale, and quality of service. Solar Power World, the industry's leading source for technology, development and installation news, presents the 2025 Top Solar Contractors List. ENR attempts to bring structure to an otherwise huge and chaotic construction industry by performing annual surveys of its key segments, and ranking companies engaged in general contracting, specialty contracting, engineering, architecture and environmental services, among other specialties. Their expertise in executing large-scale solar projects has been instrumental in the industry's growth.
