

Simple solar container system welcome to purchase

Overview

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design. Unlike standard solar panel containers, LZY's mobile unit features a retractable solar panel. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar. At checkout, please select 'Pay by Bank Wire, Cashier's Check, Cash or Financing' and then complete your checkout. Within 24 hours of placing your order we will contact you to confirm your order and finalize the process with you.
