

Singapore solar container rental

Overview

If you're in Singapore, you might be asking: Can I rent such a facility?

The answer is a resounding yes, and here's why it's a revolutionary choice. Solar-powered warehouses are storage facilities equipped with solar panels, harnessing renewable energy to operate. The ZSC 100-400 can save up to 108 tons of CO2 annually as compared to similar range of diesel generators with virtually no fuel consumption. For more details on our ECO Power Container, download our brochure [here](#)! This eco-powered container is suitable for facilities with temporary and portability requirements, or locations with no access to grid power, such as mobile site offices, emergency command/medical centres, mobile cafes.
