

Small mobile solar container power station rental plan

Overview

We offer scalable and versatile emergency backup power options including portable power stations you can carry from room to room or take on camping trips. This is a great solution for renters and folks who want to use backup power at home and away. Unlike standard solar panel containers, LZY's mobile unit features a retractable solar panel unit for quick installation. With its transportable convenience and environmental efficiency, it stands at the forefront of renewable energy solutions. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design.

Small mobile solar container power station rental plan
