

Solar container battery bidding results

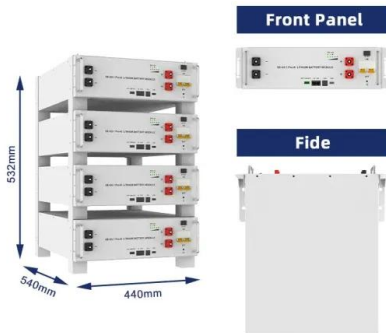

Overview

JSW Neo Energy and Reliance Power have won Solar Energy Corporation of India's (SECI) auction to set up 1,000 MW/2,000 MWh standalone battery energy storage systems (BESS) under tariff-based global competitive bidding. The procurement exercise has attracted 50 battery energy storage companies but only seven have emerged as winners. China's independent power producer CGN New Energy has announced the results of its 2025 procurement for lithium iron phosphate (LFP). As has been the case in many of Germany's recent solar PV auctions, the Innovation Tender ended up oversubscribed, with 154 bids made for 1. ing dynamics for energy storage batteries has become o reach an estimated market size of USD 1, solar power system built inside a standard shipping container.
