

Solar container conference 2021 opens in seoul

Overview

SWC 2021 took place from 25-29 October 2021 and featured 31 technical sessions, 14 keynote speeches on the status and trends of specific technologies, 11 plenary sessions and special events, and 6 topical forums. Read more and find the SWC 2021 reflections by Congress Chair Dave Renné [here](#). Since FIT policy is reduced by recently aggravated finance in Europe and economic depression, the market of global photovoltaic industry is expanding from Europe to Asia. Check out the sessions, read the abstracts, browse through the posters and visit the sponsors booths. Waste-to-Energy Technologies: What we have now and What's next?

Session Chairman Yong Chil, Seo Emeritus Professor, Yonsei University
Session Chairman Sang Yup, Lee Vice President for Research, Korea Advanced Institute of Science and Technology
Speaker2 Waste to Energy - the carbon.
