

Solar container financial settlement

Overview

LOS ANGELES, MARCH 26, 2024 — Los Angeles County and Renew Financial Holdings have agreed to pay homeowners millions over Property Assessed Clean Energy (PACE) loans, which were meant to help homeowners finance the installation of clean energy products like solar panels, but. If you financed a solar power installation through Power Home Solar (also known as Pink Energy) using a loan from Goodleap LLC, Solar Mosaic LLC, Sunlight Financial Holdings, Inc. , Cross River Bank, or Dividend Solar Finance, LLC, and that loan was reported on your Equifax credit report since. We've been getting many questions from both current and future clients, so let me explain what this means for you. Whether a solar system is a "fixture" sounds like a mundane legal issue - but it has significant implications for the residential solar industry and for the financing of residential solar systems. A class action has been filed by a consumer who claims Fifth Third failed to disclose a finance charge when she took out a loan to buy a solar power system.
