

Solar container motor for trucks

Overview

Our commercial transportation kits are tailored for effortless installation on heavy-duty vehicles, such as semi trucks, coaches, tractor-trailers, and more. Pair SOLIS™ with the COR™ Power System to generate clean solar energy and recharge batteries anywhere. Charge time is calculated based on a single COR™ Battery (960 Wh capacity) charging at the maximum projected output of the SOLIS™ Large solar array (up to. Thanks to foldable solar arrays, the container is rapidly deployable — operating within hours to support power needs across diverse scenarios. Built to withstand tough conditions without compromising integrity, Merlin™ panels are designed for longevity, delivering customer advantages.

Solar container motor for trucks
