

Solar container related companies terminate listing

Overview

Explore the full list of solar company bankruptcies, closures, and lawsuits. The solar industry experienced exponential growth over the last decade as costs fell and favorable policies helped drive mass adoption. However, 2024 has brought immense challenges, with higher interest rates, tighter financing, and adverse policy shifts in key states contributing to over 100 solar. According to our internal data, more than 100 solar companies have shut their doors this year alone—a level of contraction we haven't seen in nearly two decades. We understand many customers have questions about the SunPower Corporation bankruptcy and what it means for them, their solar panel systems, and the future.
