

Tirana super solar container plant

Overview

Summary: Albania's capital is making waves with its new energy storage power station in Tirana. Pre-fabricated containers with PV modules are in a solar container?

The innovative and mobile solar container contains 196 PV modules with a maximum nominal. With construction crews breaking ground last month, this 300MW/1200MWh facility isn't just another battery project - it's shaping up to be the region's first grid-scale storage solution using cutting-edge lithium iron phosphate (LFP) technology [1].
