

# Uk new solar container cabinet factory operation

## Overview

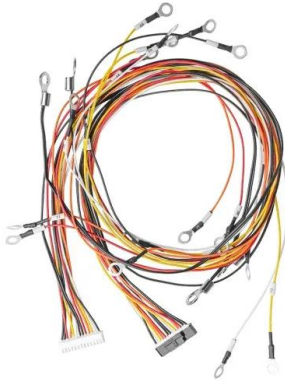

---

Imagine your factory humming like a well-tuned orchestra – except instead of violins, you've got robotic arms assembling cutting-edge energy storage cabinets. EDF Renewables UK has six projects in construction which are set to go live in the next 12 months, including a 57MW battery in Braintree, Essex and energy production system increasingly efficient. Our products are engineered and manufactured in the UK, ready to generate and provide electrical power at the client's premises anywhere in the world. Access to a parts supply chain means that systems can be built quickly, efficiently and without compromise in the UK. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar. Safety: Wincle, also known as Soundon New Energy, prioritizes safety in its energy storage solutions. With our new photovoltaic modules you can turn your 20' portable cabins and sanitary cabins from our CLASSIC Line and PLUS Line range into a cost-efficient and sustainable space solution.
