

# What is sgs certification for solar container products

## Overview

---

Photovoltaic (PV) module certification from SGS - PV module testing and certification to ensure that your modules comply with international standards. PV modules must meet a range of regulations and standards before they can be considered suitable for sale and for renewable. Today's technology enables us to capture solar energy for several uses, including electricity, heating and cooling systems, lighting and concentrating power. At SGS, we offer a range of services to accompany your solar technology projects from research and design analysis, to module testing, solar.

## What is sgs certification for solar container products

---

### Solar PV , SGS
