

Why is the solar container business park so popular

50KW modular power converter

Flexible Configuration

- Modular Design, Expanding as Required
- Small&Light, Wall Mounted
- Installed in Parallel for Expansion

Powerful Function

- Support PV+ESS
- Grid Support, Equipped with SVG Technology
- On-Grid and Off-Grid Operation

Reliable Protection

- Outdoor IP65 Design
- Sufficient Protection Functions Equipped

Overview

“Container parks are a cheap, practical way to attract footfall and small retailers with their mixed-use target audience. ” Additionally, those looking to revitalize downtown areas are beginning to see these developments as an answer to empty, sprawling parking lots and smaller . Commercial developers, never ones to shy away from innovation, are building on the success of so-called “container parks. Shipping containers have steadily gained popularity as building materials for innovative projects. From cafes to classrooms, their flexibility and strength have made them great choices for permanent structures. The Port Newark Container Terminal in New Jersey is now one of the few shipping hubs in the world to use on-site solar power to cut its own emissions (cropped; courtesy of Standard Solar).
