

Zambia solar container low temperature lithium battery manufacturer

Overview

Zambia's factory produces lithium iron phosphate (LiFePO₄) storage modules specifically designed for African conditions – dust-proof, heat-resistant, and capable of handling voltage fluctuations that'd fry regular batteries. This product is designed as the movable container, with its own energy storage system, compatible with photovoltaic and utility power, widely applicable to temporary power use, island application, emergency power supply, power preservation and backup. Airumi New Energy Zambia Limited, an international new high-tech enterprise, is committed to clean energy and R&D and manufacturing of power technologies. As Zambia continues to embrace renewable energy solutions, particularly solar power, the demand for efficient and reliable storage systems has skyrocketed. is a trusted manufacturer and supplier of lithium-ion batteries in Zambia, offering advanced LiFePO₄ energy storage solutions for solar, industrial, and commercial use.
